A Devotee : "Revered sir, why does the Divine Mother have a black complexion?"

Sri Ramakrishna : "You see Her as black because you are far away from Her. Go near and you will find Her devoid of all colour.

The water of a lake appears black from a distance. Go near and take the water in your hand, and you will see that it has no colour at all.

Similarly, the sky looks blue from a distance. But look at the atmosphere near you; it has no colour. The nearer you come to God, the more you will realize that He has neither name nor form....."
